

Maruleng Municipality Mayor, Cllr Tsheko Musolwa and ward Councillor Bishop Raganya are attending a community meeting at Ballon village which is aimed at reporting back on the issue of Ballon internal street. The Mayor is here to report to the Community that an engineer has been appointed to develop the designs of the road. The Mayor indicated that the road has been registered on the Municipal Infrastructure Grant and can be built this year, if there can be additional funding given to the Municipality in this current financial year. The Mayor further indicated that should the Municipality not receive the additional funding from MIG, The Municipality will build the road on its own budget in the financial year starting from 2023/2023 budget which will start at 1st July 2023 next year. The appointed engineers were also part of the the meeting and presented the community with the Map of the road. The community praised the Mayor for coming to report back to the community as he promised during Public Participation meeting held in April this year. The community's further indicated that the Mayor is showing that he is transparent and accountable to his constituency.
